

The Importance of Keeping Your Practice Information Up-to-Date

Neighborhood News - October 2022

Neighborhood wants to ensure we have the most recent, accurate, and complete information regarding our participating provider partners and providers are required to notify Neighborhood of any important changes; including but not limited to changes in office hours, phone number, the availability of providers, etc.

- Go to the [Update Your Information](#) webpage on the Neighborhood provider website to notify Neighborhood of any important changes to your profile or practice. You can also use Update Your Information to add a new provider/location to an existing contracted group, terminate a provider and/or location, and submit a name change.

Providers
